

On May 15, 2004 17 people and 8 dogs set out to meet at Pier 41 in San Francisco...destination...Tiburon! We all arrived and as we waited for the boat to leave we all answered many questions and the dogs got many, many, many loves and hugs.

Norm Carpadus had arranged for us to leave the dock at 11:30am for our adventure across the bay in Tiburon. However, we had a change of plans when we went to purchase the actual tickets. The gal sold us tickets to SAUSALITO instead...and we didn't catch the error until it was too late. Oh well, new adventure...never taken the dogs to Sausalito before.

We boarded the boat while still answering questions and headed for the other side of the bay. John Agpoon and Steve Brown were great at answering the same questions over and over and over again...you'd think they'd have had pyrs all their lives...when they've only had them for just a couple of years!

We finally boarded and everyone had a great time visiting and relaxing with the dogs and the other passengers on the boat. Norm and Marsha invited some of their long time friends to join us so on the way across the bay they had a chance to catch up. Pat Sabo invited her friend Allison to join us as well.

Once in Sausalito we all went our own ways to get lunch, eat the picnics we had brought or shop the quaint seaside town. We spent a couple of hours there and everyone was looking forward to coming back again next year. Once we were back on Fisherman's Wharf E.J. Neil was kind enough to take this group shot. (Some of our group had to get going right away so they missed the group picture).

Thank you Norm Carpadus, Marsha Reed and Katie with Buddy and Merlin, Connie Hays and her guest, Pat Sabo and Allison with Giselle, John Agpoon and Steve Brown with Ali and Kirby, Dianna Cunningham and Michael Murphy and their darling baby daughter with Heavenly, E.J. Neil and Judy Edmonds, Burt and Nettie Rosentahl and Randy Carpadus with Falkor and me with Elura for attending and making this a wonderful event to look forward to again next year!
